WHO WE ARE

About Varelia Lifesciences

Varelia Lifesciences Private Limited operates as an Indian pharmaceutical merchant exporter and domestic pharmaceutical supplier. Products are supplied under our brand and sourced through qualified third-party manufacturing partners.

We serve both the domestic Indian market and international markets, with a focus on large volume parenterals (IV fluids) for hospitals, institutions and distributors.

2026	Meerut, Uttar Pradesh	India + Global
Established	Registered office	Domestic & export reach

What Varelia Does

- Sourcing and commercial coordination
- Documentation and buyer communication
- Order, dispatch and delivery coordination

What Our Manufacturing Partners Do

- Manufacturing of products
- Partner-level licences and certifications
- Batch documentation issued by the partner

Mission, Vision & Approach

Our Mission

To supply pharmaceutical products through qualified manufacturing partners, helping healthcare buyers in India and international markets source with clarity, proper documentation and dependable coordination.

Our Vision

To become a recognized and trusted name in pharmaceutical trade, growing our domestic and global reach through dependable partnerships and transparent business practices.

Our Approach

Careful partner selection, clear documentation and transparent communication at every step, from enquiry to delivery.

OUR CAPABILITIES

What We Do

From sourcing to delivery, we coordinate the full supply cycle for pharmaceutical buyers in India and overseas.

Trading & Sourcing
Sourcing pharmaceutical products from qualified manufacturing partners for distributors, institutions and importers.

Manufacturing Partner Coordination
We work with qualified manufacturing partners and coordinate supply based on product, quality and market requirements.

Institutional Supply
Supply support for hospitals, institutions and distributors in India, coordinated around product and delivery requirements.

Export Support
Export coordination for importers and distributors, including documentation and shipment coordination, as applicable.

Procurement & Documentation Support
Specifications, COA and other applicable documents, with commercial coordination for smooth transactions.

Supply Chain Coordination
Order coordination, dispatch planning and delivery coordination, from confirmed order to shipment.

Who We Serve

Distributors
Pharmaceutical distributors and wholesalers seeking reliable product supply.

Hospitals
Hospitals and healthcare providers looking for dependable IV and LVP supply.

Institutions
Institutional and other qualified B2B buyers with recurring supply needs.

Government & Tender Buyers
Supply enquiries from public-sector and tender buyers, subject to applicable requirements.

Importers
International importers, distributors and pharmaceutical companies.

Manufacturers
Qualified manufacturers interested in long-term supply partnerships.

SUPPLY PATHWAYS

Domestic & Export Supply

Two clear routes for buyers in India and overseas, each with its own point of contact.

Domestic Supply — India

- For distributors, wholesalers, hospitals and institutions in India
- Sourcing from qualified manufacturing partners
- Order coordination and dispatch within India
- Product specifications and applicable documents
- Pricing and commercial terms confirmed in the quotation
- **domestic@varelialifesciences.com**

Export Supply — International

- For importers, distributors and pharmaceutical companies abroad
- Export documentation support, as applicable
- Shipment and logistics coordination
- Pack configuration confirmed as per market requirement
- Product and document availability confirmed for each destination
- **export@varelialifesciences.com**

Please note: Registration and import authorisation requirements vary by country and are the importer's responsibility. Documentation, pack configuration and commercial terms are confirmed for each order.

Global Markets

India • Home market
Domestic B2B supply for distributors, hospitals and institutions.

Middle East • Target market
Importer and distributor partnerships.

Africa • Target market
Importer and distributor partnerships.

South-East Asia • Target market
Importer and distributor partnerships.

Central Asia • Target market
Importer and distributor partnerships.

How We Work

1. **Enquiry** – Share your product, pack size, quantity and target market.
2. **Product & Market Review** – We review product suitability, specifications and market requirements.
3. **Supplier & Documents** – The requirement is matched with a qualified manufacturing partner, and documents are shared as applicable.
4. **Quotation** – Pricing, quantity, timelines and commercial terms are confirmed.
5. **Dispatch & Delivery** – Order coordination, dispatch and shipment as per the agreed terms.

QUALITY & DOCUMENTATION

Our Quality Commitment

Quality for us means careful partner selection, clear specifications and proper documentation for every order.

Partner Qualification
Manufacturing partners are selected based on product, quality and market requirements.

Specification-Based Supply
Products are supplied against the specifications listed for each product, such as I.P. or B.P.

Batch Documentation
Batch-related documents such as COA are shared with orders, as applicable.

Careful Handling & Dispatch
Dispatch is coordinated with attention to the storage and handling requirements of each product.

Documents Available

Certificate of Analysis (COA)
Batch-wise analysis records for the supplied product, as applicable.

Product Specification
Product specifications covering strength, pack size and packaging details.

Batch Documentation
Batch-related records that support traceability, as applicable.

Partner GMP Documentation
GMP documentation of the qualified manufacturing partner, where applicable.

Stability & Regulatory Documents
Stability and market-specific regulatory documents, as applicable.

Manufacturing Partner Credentials
Manufacturing licences, GMP and similar certifications belong to the respective manufacturing partners. They are shared as partner documents and are not presented as Varelia's own.

Varelia Company Details
Varelia Lifesciences is a trading company. Our company details can be requested through our contact channels.

WORK WITH US

Partner With Varelia

Three clear entry points for business partners: distributors, importers/exporters and qualified manufacturers.

Distribution Partner
For pharmaceutical distributors and wholesalers seeking reliable product supply.

Import / Export Partner
For international importers, distributors and pharmaceutical companies.

Manufacturing Partner
For qualified manufacturers interested in long-term supply partnerships.

Why Partner With Us

Qualified Manufacturing Partners
Partner selection based on product, quality and market requirements.

Quality Documentation
Specifications, COA and applicable quality records, shared as applicable.

Domestic & Export Supply
Supply coordination for distributors and importers across India and selected international markets.

Supply & Logistics
Order coordination, production planning, dispatch and delivery coordination.

Market-Specific Support
Support with market-specific documentation, as applicable to each order.

Transparent Communication
Clear commercial terms and timelines, built for long-term relationships.
